Link Resources Training and Enrolment Processes

All courses that are on offer are advertised on Link Resources website and our scope of registration can also be accessed on the [National Training Register](#).

Training is delivered in the following modes:

- Face to face classroom training
- Practical training at client sites
- On-the-job assessments
- Online
- Blended

During the enrolment process students may be requested to provide prerequisites. When this is requested, it is critical that the prerequisites are provided before the commencement of the course to ensure the enrolment process is completed correctly.

Prerequisites are units of competency that are critical to achieving subsequent competency. They vary based on the course offering. Please consult the course outline for specific prerequisite information. It is imperative that you review the course information and determine if you hold the prerequisites before enrolling to ensure successful enrolment.

Some courses have prerequisites that **MUST** be supplied prior to attending the course. This will be communicated on the website, in the booking confirmation, and on the phone if you call. In the event a prerequisite is not received by 5pm Brisbane time on the business day prior to the course, the enrolment may be cancelled and entry to the course may be refused. If this occurs, the course fee may not be refunded.

Enrolment and Induction Processes

The enrolment process allows Link Resources Training to collect accurate and true information on individual students and their programs of study. This information enables us to plan our resources and enables us to help identify the learning needs of each student. By filling out the enrolment form it will also ensure that our state and federal government regulatory requirements are met.

Completion of the Enrolment Form is compulsory and extremely important for any course which you wish to complete. Every field in the enrolment form requires your attention and completion.

Enrolment data is collected and stored electronically, and the original copy is filed in your individual student file. Link Resources Training accepts all students right to privacy and will treat all student information provided at enrolment confidentially.

When you have decided on the course you would like to complete, simply contact our Operations Team who will arrange for you to be booked and enrolled into the course providing you meet entry requirements.

On course commencement a Link Resources Training representative will conduct a formal induction which will include but not be limited to:

- Trainer and student introductions
- An overview of the course including main content, assessment processes, finish time and break times
- A tour of the training facility
- Evacuation procedure and assembly point
- If not completed pre-course, completion of a language, literacy and numeracy assessment
- Opportunity to discuss your learning needs and how you learn best

Enrolment Confirmation

Upon successful enrolment you will receive written confirmation of your course details and any additional information relating to your enrolment. The enrolment confirmation includes the time, date and location of training, the resources the student should bring to the course and overview of the units of competency to be studied and the format / style of training to be provided.

Fee Inclusions

Each qualification, unit of competency, course or RPL/Credit Transfer offered by Link Resources has a specific course fee. The course fee is the maximum fee that may be charged to the Student for their selected training program.

All fees will be paid according to the fee structure disclosed at time of enrolment. A relaxation of the usual fee structure to assist the students may be available with prior arrangements made with the Operations Team.

It is Link Resources' policy that the course fee will be all-inclusive. Students will not be 'surprised' by unexpected requirements, fees or expenses.

Inclusions:

- Tuition
- Support and coaching
- Any associated Student workbooks, handouts or manuals
- Classrooms and facilities
- Access to any specialised equipment necessary in the training

For online courses an additional tutoring fees will be detailed and may be payable if an unreasonable amount of additional tutoring is required (unreasonable may be defined as requiring assistance with most assessments or tutoring/coaching over a cumulative duration of 1.5 hours).

Where additional resources normally associated with a program of study are required (e.g. reference material, research documents, own computer) the Student will be clearly advised of exactly what is required in the precourse materials or enrolment confirmation for the program.

Unique Student Identifier (USI)

As of 1st January 2015, all students enrolling into nationally recognised training must have a USI. The USI scheme provides a national single authenticated online record of your training achievements. In this way you will have the ability to access and share your training records with a variety of stakeholders including other training providers, and making enrolment and credit transfer processes more efficient. Over time other education sectors will join the scheme, providing a one stop repository of your training and education achievements.

You need to be aware that Qualification certificates and Statements of Attainment cannot be issued if you do not hold a current and verified USI. To avoid delays in the issuance of certificates Link Resources Training will ensure that USI's are applied for or verified at the time of enrolment. You can either arrange to get your own USI or we can apply on your behalf with your permission. This is arranged by contacting the Compliance Team.

Document Number LR-FOR-17	Description: Student Handbook	Version 2.2	Issued date: Oct 2022	Page 7 of 31
------------------------------	----------------------------------	----------------	--------------------------	--------------

To create a USI for yourself you will need to go to the USI website at <http://www.usi.gov.au/help-centre/student-help/Pages/create-a-USI.aspx>. The website provides self-explanatory steps to apply for your USI including a list of the suitable identification documents you will need to provide to complete your USI application.

Your Unique Student Identifier – Privacy

Your Unique Student Identifier (USI) account contains personal information, contact details and access to your training records and results (transcript). The USI Registry System has been designed to keep this information safe and secure and is only accessed by those organisations listed in the terms and conditions.

The USI Registry System also allows you to choose which training organisations can see this information and when. The personal information that you provide to the Student Identifiers Registrar is collected, used, and may be disclosed, in accordance with the provisions of the *Student Identifiers Act 2014* (Cth) and the *Privacy Act 1988* (Cth).

The Student Identifiers Registrar's Privacy Policy provides information about the protection of your information, including how you can access and seek correction of your personal information held by the Student Identifiers Registrar and how to make a complaint about a breach of your privacy and how such complaints are handled. The Student Identifiers Registrar's Privacy Policy can be found at usi.gov.au/Pages/privacy-policy.aspx.

When completing the Student Enrolment Form, you will be asked to disclose any disabilities that you may have. To provide context around the selection please see below. Disability in this context does not include short-term disabling health conditions such as a fractured leg, influenza, or corrected physical conditions such as impaired vision managed by wearing glasses or lenses.

Disability types and definitions:

The five recognised equity groups in vocational and training (VET) women, Indigenous people, people with a disability, people in regional/rural areas and people from non- English speaking backgrounds—people with a disability, as a whole, have the lowest levels of educational achievement and employment outcomes from VET.

Hearing / Deaf

Hearing disability relates to the ability to sense the presence of sounds and discriminate the location, pitch, loudness and quality of sounds. It encompasses functions of hearing, auditory discrimination, localisation of sound source, lateralisation of sound, speech discrimination; impairments such as deafness, hearing impairment and hearing loss.

Learning/ Intellectual

There is a diversity in the underlying concepts, definitions and classifications of intellectual disability adopted in Australia. In general, the term 'intellectual disability' is used to refer to low general intellectual functioning and difficulties in adaptive behaviour, both of which conditions were manifested before the person reached the age of 18. It may result from infection before or after birth, trauma during birth, or illness. (NCVER 2002).

Acquired Brain Impairment

Acquired brain impairment is injury to the brain that results in deterioration in cognitive, physical, emotional or independent functioning (Ministerial Implementation Committee on Head Injury in 1995, cited in NCVER 2002). Acquired brain impairment can occur as a result of trauma, hypoxia, infection, tumour, accidents, violence, substance abuse, degenerative neurological diseases or stroke. These impairments may be either temporary or permanent and cause partial or total disability or psychosocial maladjustment (NCVER 2002).

Medical Condition

Medical condition is a temporary or permanent condition that may be hereditary, genetically acquired or of unknown origin. The condition may not be obvious or readily identifiable, yet may be mildly or severely debilitating and results in fluctuating levels of wellness and sickness, and/or periods of hospitalisation; for example, AIDS, cancer, chronic fatigue syndrome, Crohn's disease, cystic fibrosis, asthma, diabetes, multiple sclerosis and muscular dystrophy (NCVER 2002).

Physical

A physical disability affects the mobility or dexterity of a person and may include a total or partial loss of a part of the body. A physical disability may have existed since birth or may be the result of an accident, illness or injury suffered later in life. Examples of physical disability include absence or deformities of limbs, arthritis, ataxia, back disorders, bone formation or degeneration, cerebral palsy, multiple sclerosis, muscular dystrophy, paraplegia, quadriplegia, spina bifida, etc. (NCVER 2002).

Mental Illness

Mental illness refers to a cluster of psychological and physiological symptoms that cause a person suffering or distress and which represent a departure from a person's usual pattern and level of functioning.

Online Support

Throughout the duration of your online course, students will be provided with an email address to communicate specific queries relating to course content and assessments to a Trainer who has been assigned to a particular unit in the course.

Your Trainer will endeavour to reply to all emails by close of business the following working day. If you are concerned that your email has not been received or responded to within this timeframe, please contact us on (07) 5491 2144.

General turnaround timeframes:

Phone and email support: by the close of the following working day
Marking: up to 20 business days – marking timeframe is from the receipt time of a compliant assessment

Note: Complicated and time-consuming assessment may be extended beyond this timeframe, e.g. final assessment items.

Assessment

Assessment in a competency-based environment is based around the acquisition of knowledge and then a demonstrable use of that knowledge in a practical sense. For most of our courses, you will be required to undertake assessment of a theoretical nature and demonstrate skills or in a practical environment.

At key points in your course, you will be assessed by a qualified Assessor, who will use a variety of assessment methods to determine your progress and level of skill and knowledge. The methods of assessment that may be used include the following:

- **Written** – such as:
 - Tests held during training sessions.
 - Projects that you will be given to complete during sessions, on-the-job or in your own time.
 - Assessment questions in your workbook.
- **Observation** - A qualified Assessor will either come to your workplace and observe you while you work, and/or observe you in a scheduled training / assessment session.
- **Verbal Questions** - A qualified Assessor or Trainer will ask you questions. This could occur while you are working or in a training session.
- **Class Exercises** – A range of activities completed in class.
- **Role Plays**
- **Supervisor/Third Party Reports**

Detailed assessment information for each unit of your course will be provided at the beginning of each unit. Assessment outcomes for each unit will be noted C – Competent or NYC – Not Yet Competent. You must satisfactorily complete all assessment components of each unit to be deemed Competent (C).

If you are assessed as Not Yet Competent, comments and feedback will be provided to you detailing requirements in order to achieve competency. A timeline will also be negotiated for re-assessment to occur.

Re-assessment costs are detailed further in this document.

Document Number LR-FOR-17	Description: Student Handbook	Version 2.2	Issued date: Oct 2022	Page 12 of 31
------------------------------	----------------------------------	----------------	--------------------------	---------------

At the end of your course and subject to satisfactory completion of all units a Statement of Attainment or Qualification Testamur will be issued to you. If you do not satisfactorily complete all course units, you will be issued with a Statement of Attainment for those units successfully completed.

For students enrolling and completing a single unit of competency or multiple units of competency i.e., not a nationally recognised qualification, you will be issued with a Statement of Attainment for the unit or units successfully completed.

At any stage of the assessment process the student can lodge an appeal related to an assessment decision. Refer to the Complaints and Appeals section of this booklet for further information.

Special Consideration in Assessment

If you are experiencing circumstances beyond your control which are impacting on your ability to meet the assessment requirements of the course, you should discuss this with your Trainer / Assessor as soon as possible, and in all instances prior to due date of an assignment or the administration of an assessment task (e.g. test or exam). Depending on the nature of your request the matter will usually be resolved by your Trainer / Assessor.

However, in some circumstances the matter will be referred to the Operations Manager for further consideration. You may also be required to email the Operations Manager and include the reasons for requiring the special consideration. Evidence to support the request (e.g. doctor's certificate) may also be required.

On the basis of the information provided, the Operations Manager in consultation with your Trainer / Assessor will determine if the request for special consideration is approved or not approved. You will be advised in writing of this decision, and if approved, the changes to the assessment process will be implemented.

Re-assessment

If you are assessed as 'Unsatisfactory/Not Yet Competent' in all or part of a unit you will be provided with an opportunity to be re-assessed. In the first instance the Assessor will need to discuss the initial assessment outcome with you and decide on an appropriate course of action prior to re-assessment. This may include further training and/or further simulated work-based experience.

Please note, where you have been unable to achieve competence after multiple attempts you will need to re-enrol in the unit(s) at the fee rate negotiated with the Operations Manager.

If at any stage a student feels that they were not being treated fairly in this process, an appeal can be lodged. Please refer to the complaints and appeals section of this handbook.

Completion Dates

If circumstances beyond your control that will prevent you from completing an assessment task by the due date, you are advised to discuss this with the respective Assessor who may require you to submit a written request. Requests for extension must be received at least five working days prior to the due date of submission and clearly outline the reasons for requesting the extension.

On the basis of the request, the Assessor will determine whether an extension of the submission due date will be granted or not granted.

Assessment Records

Link Resources Training is committed to maintaining and safeguarding the accuracy, integrity and currency of records without jeopardising the confidentiality of the records or our students' privacy. Credit Transfer and Recognition of Prior Learning (RPL)

Credit transfer

Recognises the qualifications and statements of attainment issued by any other RTO, or applies where a unit of competency/module previously attained does not have the same unit code or unit title; however the Training Package states that it is equivalent to the unit of competency being sought. Credit Transfer can also be applied to other certification and formal learning such as tertiary qualifications where equivalence can be demonstrated.

You will be required to attach a copy of the qualification, statement of attainment and/or certificate issued

Document Number LR-FOR-17	Description: Student Handbook	Version 2.2	Issued date: Oct 2022	Page 15 of 31
------------------------------	----------------------------------	----------------	--------------------------	---------------

by the training provider where you completed your course. Please be aware that Link Resources Training staff will contact the training provider to verify the authenticity of qualifications, statements of attainment and certificates. If direct recognition is clearly established, you will receive full status and not be required to undertake additional training and assessments. If equivalence is not established, staff will undertake a gap analysis and inform you of the outcome in writing.

If you think that you may be eligible for credit transfer talk to our Operations Manager, preferably prior to course commencement, who will provide you with a Credit Transfer Application Form.

Recognition of Prior Learning (RPL)

RPL recognises the knowledge and skills you have gained through previous informal training, and past work and life experience. Your prior training and experience must be deemed equivalent to the units you will be undertaking within your course, as Link Resources Training must be satisfied that you are 'competent' in these unit/s prior to granting the RPL.

As a result, the granting of RPL is not always automatic, depending on when your prior learning/experience occurred and how this translates into the units in which you are enrolling. You may need to undergo some testing prior to RPL being granted. In other instances, your provision of transcripts with past results may be sufficient.

If you are granted RPL, you will be partially or fully exempt from completing those parts of your course and the duration of the course and fees will be reduced accordingly.

Applying for RPL

If you think that you may be eligible to able to apply for RPL, talk to our Operations Manager preferably before or at the start of course commencement.

You will be provided with a RPL Application Kit which includes an application form. A separate appointment will generally be required to assess your RPL application, and an RPL Assessment Fee will apply. Details of RPL fees are provided after assessment of the RPL Application.

If you are confused about whether to apply for credit transfer or recognition of prior learning, don't worry, bring in your documentation and our Compliance and Quality Manager will assist you. Before submitting your application review the information below to determine if you have current skills to be recognized.

How do I prove that I have the necessary skills and knowledge?

The evidence you provide within your application must be:

- Valid: verifying that your skills and knowledge meet the requirements specified in the unit of competency
- Authentic: proving that it was really produced by you or relates to your performance and knowledge
- Current: showing experience you've had within the last two to three years
- Sufficient: covering all aspects of the relevant unit/s of competency against the elements, performance criteria, performance evidence, knowledge evidence, critical aspects (where applicable) and Foundation Skills (where not implicit with the performance criteria).

When compiling RPL documentary evidence you may include the following documentary evidence, but not limited to:

- Resume or work history
- Position Description from current and previous roles
- Formal qualifications, certificates, statements of attainment and results of assessments
- Documented examples of work
- Completion of training record book or learning logs

- Recent referees – references, letters or correspondence from previous employers or supervisors
- Third party reports – confirmation from previous employers or supervisors of how you have applied your skills and knowledge in the workplace in reference to the unit/s of competency
- Work performance reports

Modes of Study Arrangements and Flexible Delivery

Modes of study may vary from self-paced, distance or online education to face-to-face workshops (or in some cases, a combination of both). You will need to refer to the relevant course guide/information as to how the course is structured and what modes of study are incorporated.

The course guide/information indicates approximately how many hours per week you will need to spend doing self-directed study, where applicable. This may vary depending on your level or previous knowledge and how quickly you are able to locate or access resources. In the event that a student's needs exceed the capacity of the support services Link Resources Training can offer, they will be referred onto an appropriate external agency.
